DETAILED ACTION

1. Claims 1-48 are pending in the present application.

Drawings

2. The drawings were received on April 15, 2002. These drawings are approved.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1-48 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 1 and 48, it is unclear as to how calculate/derive the similarity formula given the random mapping as cited on page 10 of the disclosure. How is the predetermined similarity value derived given the random mapping formula? Claims 2-11 are rejected based on dependency.

Regarding claim 2, there is a lack of antecedent basis for the following: "j+1 K" [note claim 2 line 4; claim 6 line 4; and claim 20 line].

Regarding claim 12, there is a lack of antecedent basis for the following: "the query vector" [note claim 12 line 11]. Claims 13-19 are rejected based on dependency.

Regarding claim 20, the reference numerals are vague and unclear, note claim 20 line 3-11]. It is unclear as to what elements the claim is referencing within the brackets. Claims 21-33 are rejected based on dependency.

Regarding claim 34 the following limitation is lacks proper antecedent basis: Q_e [Note claim 34 line 17]. Claims 35-47 are rejected based on dependency.

Allowable Subject Matter

5. Claims 1-48 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Conclusion
